The New VENUM™ 1 is a ONE SIZE FIT ALL spinal orthosis with trimmable panels for custom sizing. The VENUM™ 1 features an innovative single drawstring pulley closure system that requires minimal effort to increase support and compression to the spine from sacrococcygeal junction to T-9 vertebra, making the brace ideal for patients suffering with arthritis. The ergonomic design with anterior & posterior panels provides sagittal control and intracavitary compression. The VENUM™ 1 rigid panels and lightweight mesh contour to your patient's lordotic curve and abdomen resulting in maximum comfort, control and increased compliance.

Typical Indications • Burst Fx • Post-Op Spinal Stabilization • Post-Op Disc Surgery • Degenerative, Herniated or Bulging Disc • Spondylolysis • Spondylolisthesis • Facet Syndrome • Spinal Stenosis • Tumors or Inflammation
