Oasis™ bivalve spinal system - is ideal for patients who require maximum support, but cannot tolerate rigid braces. The new traction closure system provides easy compression adjustments. Revolutionary fabric offers increased breathability, heat and moisture removal, less bulk and longer life span than traditional laminates.

Typical Indications • Post-Op Spinal Lumbar Stabilization • Burst Fx • Chronic Back Pain • Compression Fx • Degenerative, Herniated or Bulging Disc • Spinal Instability • Post-Op Disc Surgery • Spondylolysis • Spondylolisthesis • Spinal Stenosis • Facet Syndrome • Tumors or Inflammation • Post-Op Laminectomy
